Sexual Health Issues
1528 Walnut St.
Suite 200
Philadelphia, PA 19102

Dear Mr. Wadlington:

Thank you for your participation in the Statewide MAPI/HERR Contract Provider and Regional HE/RR Projects Training Workshop. The conference allowed program managers, health educators, and outreach workers the opportunity to gain insights into designing well-planned HIV/AIDS/STD initiatives that are appropriate for at-risk communities.

The presentation you led, "Conducting Needs Assessments and Preparing Goals and Objectives," provided essential strategies for planning and developing comprehensive education initiatives. Your role in leading a break out session was greatly appreciated by the HRS AIDS Program.

Presentation evaluations are currently being analyzed and comments will be available soon. If you are interested in evaluation summaries, please contact Jamey Wise or Bonnie Gaughan-Bailey at (904) 487-2478.

Once again, thank you for your participation. It is only by working together that HIV/AIDS can be prevented in our communities.

Sincerely,

A handwritten signature in cursive script that reads 'Sandra A. Schoenfisch'.
