Dear Curtis,

Thanks for taking the time to participate in the AIDS AWARENESS episode of "ISSUSES FORUM". As you know, we have been asked to do a "part two" edition. The topic for discussion is AIDS AWARENESS: WOMEN AND CHILDREN.

This letter is to confirm your tape date for the show. "ISSUSES FORUM" will be taped at the Greater Media Cable studio at 7:00PM on July 6, 1992. We ask that the panelists arrive by 6:30PM.

Ideally, "ISSUSES FORUM" presents a current issue through careful selection of guests and a clear line of questions resulting in a lively discussion of the topic at hand. Because the show is live, home viewers get the rare opportunity to participate in the discussion through telephone calls which are taken on the air.

If for some reason you cannot make this tape date, please notify me well in advance of the taping. If you have any questions or concerns please call me. Thanks again for everything! H/843-1975 W/668-9842

Sincerely,

A handwritten signature in cursive script that reads "Danessa".

Producer, "ISSUSES FORUM"
