Dear Mr. Wadlington:

Just a brief note, expressing our sincere appreciation for your recent presentation at the South East Secure Treatment Unit (SESTU).

Your presentation was extremely informative and many of our clients demonstrated an increased awareness of the hypercritical nature of HIV and AIDS. In spite of several discussions by staff regarding HIV and high risk behaviors, the greatest impression was made by you. Hopefully, it will transcend into the lifestyle of the children we serve.

Once again, our sincere thanks and appreciation is extended.

Sincerely,

Carolyn F. Stafford
